72" Industrial Grapple Fork / Rake

The Thomas built Industrial Grapple Fork / Rake works with you "Anywhere"!

Thomas has maintained the "Built Thomas Tough" in every thing that we manufacture. This grapple is constructed of thick 7 ga. back plate and 1/2" steel side plates, heavy-duty abrasion resistant 3/4"x 6" cutting edge, 1/2"x 4" reinforcing wear bars, 9 replaceable 3/4" diameter tines and industrial hydraulic cylinders for powerful clamping action, grapples work independently to handle uneven loads, to ensure long life on any job site; including construction, demolition, recycling yards, landscaping or municipal jobs.

T175 / T205 / T250 / T255 Series
