WIL-RICH®

Flex Center Planter Bar

MODEL	WIDTH	HEIGHT	LENGTH	APPROX. WT.
12 Row 30"	18'10"	10'9"	22'10"	4,760 lb.
16 Row 30"	20'10"	10'9"	22'10"	6,255 lb.
24 Row 22"	22'4"	10'9"	22'10"	6,330 lb.

The tool bar has been designed to flex in the center which will allow you to plant and maintain seed depth in uneven terrain.

A swivel hitch allows the unit to follow the contour of the ground.

Vacuum tubes mount to the top of tool bar for easy access.

A flex center tool bar can be locked into a rigid position.
